

Pribilof Islands Ecosystem Stakeholder Process Organizing Committee  
March 6, 2003, 1 pm teleconference  
**Agenda and meeting summary**

**Agenda:**

1. Interview with Meg King, Resource Solutions/UAA
2. Brief updates

**Meeting Summary:**

Present: Aquilina, Evie, Anthony, Randy, Margaret

- 1 Interview with Meg King, Resource Solutions/UAA
- 2 Brief updates:
  - Debbie reported that several people on St. Paul are unwilling to sign the letter to Stevens. The reasons appear to include fears that SWAMC will have control of the process, and unhappiness that Pribis shore-based processors are not involved in the process to date.
  - The committee decided to:
    - o Develop the MOU with SWAMC so people have something concrete,
    - o Develop a summary of pros and cons of 501c3 organizations we considered.
  - The committee discussed calling a teleconference or other methods of reaching out to stakeholders. The discussion was tabled until the next meeting.
  - Evie will get a letter and meeting summaries out in the mail to all Nov. workshop participants next week.

Next meeting: Tuesday 3/11 - please plan on a long one:

- 1:00 to 2:15 pm. - Facilitator interviews
- 2:15- 3 pm - General meeting including discussion re: facilitator and Stevens letter update/discussion
